

at least one terminal for negotiating trades between a first user and a second user, said first and second users inputting non-negotiable and negotiable values, said user interface comprising:

a first display region for displaying said input of non-negotiable values from said first user;

a second display region for displaying said input of negotiable values from said first user;

a third display region for displaying a potential match between said input of said non-negotiable values from said first user and said input of non-negotiable values from said second user; and

a fourth display region for displaying a negotiation between said input of negotiable terms of said first user and said input of negotiable terms of said second user.

Please add the following new claims:

~~1829~~ (New) A method for displaying a user interface on at least one terminal in a negotiated matching system, said negotiated matching system for identifying potential counterparties to a transaction and enabling communication between the parties to negotiate at least some of the terms of the transaction, said system including a matching computer, a plurality of terminals corresponding to a plurality of users including said at least one terminal, and a network for transmitting negotiating messages between two or more of said terminals in response to an identified match of at least some transaction data, said method for displaying a user interface comprising the steps of:

displaying in a first display region an input of non-negotiable values from a first user;

displaying in a second display region an input of negotiable values from said first user;

displaying in a third display region a potential match between said input of said non-negotiable values from said first user and a set of non-negotiable values input by a second user on a second terminal; and

displaying in a fourth display region a negotiation between said input of negotiable terms of said first user and a set of negotiable values input by said second user on said second terminal.

²¹₃₀. (New) The method of claim ¹⁸₂₉, further comprising the step of displaying a fifth display region displaying a group of counterparties.

²⁴₃₁. (New) The method of claim ²¹₃₀, further comprising the step of displaying within said fifth display region a sixth display region displaying an input of ranking criteria for said group of counterparties.

²⁵₃₂. (New) The method of claim ²⁴₃₁, further comprising the step of displaying within said sixth display region a seventh display region displaying a specific market including said group of counterparties.

²²₃₃. (New) The method of claim ²¹₃₀, further comprising the step of displaying within said fifth display region a sixth display region displaying an input of local limits for said group of counterparties.

²³₃₄. (New) The method of claim ²¹₃₀, further comprising the step of displaying within said fifth display region a sixth display region displaying an input of global limits for said group of counterparties.

¹⁹₃₅. (New) The method of claim ¹⁸₂₉, further comprising the step of displaying a fifth display region displaying an input selection of a market.

²⁰₃₆. (New) The method of claim ¹⁸₂₉, further comprising the step of displaying a fifth display region displaying a market's best bid and offer.
